

Kid's Ministry

Our Philosophy:

To partner with and assist parents in teaching biblical truths and application that will allow children to come to Christ through loving nurture and age appropriate language and lessons.

Our Mission:

- ... to reach, teach and disciple children to help them learn to put their trust in God
- ... to care for the children in an authentic way
- ... to communicate biblical truths and applications to children in a way they will understand.
- ... to help children understand that they are uniquely and gifted for a special purpose.
- ... to assist children in what it means to serve God through mission and service opportunities within our church.
- ... to help them understand what it means to worship God from our hearts
- ... to provide a clean, safe atmosphere for them.
- ... to provide an atmosphere that allows the Holy Spirit to move in the hearts of children.
- ... to set disciplines and guidelines to promote safety and respect.
- ... to help children feel a very real part of the church and not just "future" leaders.
